## AGREEMENT LIKELY

Miners and Operators of the  
Terre Haute District Are  
on Good Terms.

## CONFERENCE BEING HELD

Over Differences Which Are Said Not  
to Be Insurmountable—A Mother  
Gave Her Children Morphine and  
Both Are Dead—Arrested For a  
Murder Committed Long Ago.Terre Haute, Ind., March 24.—At a  
meeting of the coal operators held last  
evening a committee was appointed to  
confer with the scale committee ap-  
pointed by the miners. The conference  
is being held today and an amicable  
agreement is looked for. J. Smith Tal-  
ley, president of the Operators' associa-  
tion, said last night that the relations of  
the operators with the miners had been  
of the pleasantest and the only differ-  
ences that existed were not insurmount-  
able. He thought that mutual conces-  
sions would be made and that no trou-  
ble in the district need be expected. It  
is rumored that a standing committee  
of arbitration, chosen from the miners  
and operators, will be elected.

## DOMESTIC TRAGEDY

Despondent Mother Kills Her Child-ren and Attempts Her Own Life.

Lagrange, Ind., March 24.—Charles  
Molter came to this city and was de-  
tained longer than he expected to be.  
When he returned home he found his  
wife in bed. Beside her were her two  
children. He went to the bed, noticed  
their heavy breathing, and tried to  
arouse them, but his efforts were use-  
less. The family doctor was sent for,  
who, after much work, aroused Mrs.  
Molter, and she told that she had be-  
come despondent and there being a sup-  
ply of morphine in the house, she gave  
it to the children and then took a dose  
herself. A note which she had left said  
that her husband was going crazy, and  
that it was better for them all to be  
out of the way. The family was con-  
sidered well-to-do, but the husband was  
considered by some people to be eccen-  
tric on some subjects. Mrs. Molter can-  
not live and the children are dead.

## PECULIAR CASE.

Woman's Sight Returning After a To-  
tal Blindness of Five Years.Portland, Ind., March 24.—A peculiar  
case of returning eyesight has been de-  
veloped in this city. Five years ago  
Mrs. Hanlin was stricken blind, and  
since then has been in total darkness,  
not knowing night from day. About a  
month ago she happened to notice a  
wide red stripe in a comfort which laid  
on the bed, and called the attention of  
her daughter to it. This was the first  
known of her returning eyesight. Since  
that time she has gradually improved,  
and is now able to distinguish colors  
and objects, and to read a few of the  
letters which appear in newspapers. She  
is 53 years old. A day or two ago she  
had the pleasure of seeing for the  
first time her little grandson, who was  
born since her blindness. Oculists say  
the disease was one of the nerves, and  
that the afflicted woman's sight may be  
fully restored.

## BLOWN TO PIECES

By Dynamite While Thawing the  
Compound in Hot Water.Bedford, Ind., March 24.—S. F. Moore,  
working with a stone crusher west of  
this city, was killed in a dynamite ex-  
plosion. Moore was an expert handler  
in thawing it out by placing the sticks  
in hot water. He was working with 50  
pounds of dynamite and near by was an  
equal amount of giant powder. HisMany men and women are almost  
within the deadly grasp of consumption.  
Although its fatal hand is unseen, its  
presence is made known by  
mistakeable  
symptoms. Car-  
thart often  
leads to con-  
sumption. A stubborncough, sore throat, pains in the chest,  
bronchitis, bleeding at the lungs, loss of  
flesh and general weakness are warnings  
that this relentless disease is about to  
gather in a victim.A remedy for all the diseases which,  
if neglected or badly treated, lead up  
to consumption, is found in**Dr. Pierce's  
Golden Medical  
Discovery.**It builds up the weak places and fortifies  
the system against the onslaughts of  
disease. It helps the appetite, assists  
digestion, is an aid to the proper assim-  
ilation of food, and cleanses the blood  
of all its impurities. It is a strictly  
temperance medicine, containing not an  
atom of whisky or alcohol in any form.  
"Your medicine is the best I have ever taken,"  
writes Mrs. Jennie Dingman, of Vanburen, Kal-  
aska Co., Mich. "Last spring I had a bad  
cough, got so bad I had to be in bed all the time.  
My husband thought I had consumption. He  
wanted me to get a doctor, but I told him if it  
was consumption they could not help me. We  
thought we would try Dr. Pierce's Golden Medi-  
cal Discovery and before I had taken one bottle  
the cough stopped and I have since had no signs  
of its returning."For the most obstinate forms of con-  
sumption and biliousness, use Dr. Pierce's  
Pleasant Pellets. Their action is prompt  
yet comfortable. Their effect is perma-  
nent. Insist that the druggist does not  
give you something else.body was torn to pieces by the force of  
the explosion and fragments were scat-  
tered in every direction, his legs being  
found in a field some distance away.  
Moore was 25 years old, and came from  
Virginia.

## \$700 Fine and Six Months.

Indianapolis, March 24.—Charles  
Shortridge, an ex-policeman, was tried  
in the criminal court yesterday on a  
charge of assault and battery with in-  
tent to kill Kate Johnson. He was al-  
lowed to plead guilty to plain assault  
and was fined \$700 and sentenced to the  
workhouse for six months. Shortridge  
called on Miss Johnson and while pre-  
tending to kiss her, drew her head  
against his shoulder and slashed her  
throat with his pocketknife.

## Arrested For Murder.

Charleston, Ills., March 24.—Twelve  
years ago William Rainbow was killed  
in Greene county, Ind., and all efforts  
to find the murderer were futile. Yes-  
terday Sheriff McLaughlin came from  
Indiana, and, with the assistance of  
Sheriff Byers of this county, Henry and  
Granville Brown of the village of Hum-  
bolt, were arrested for the crime of long  
ago. They were taken to Indiana to  
stand trial.

## Pensions Granted.

Washington, March 24.—Pensions  
have been granted to Indians as fol-  
lows: Additional—George W. Rigor,  
Connersville, \$6 to \$8. Restoration and  
Additional—George Graham, Armes-  
burg, \$6 to \$12. Renewal and Reissue  
—William Briston, Richmond, \$6. Ori-  
ginal Widows, etc.—Katie Ivins, Middle-  
bury, \$8; Minerva McDonald, Oakland  
City, \$8.

## Died of His Injuries.

Tipton, Ind., March 24.—John Tyner,  
41 years old, a well known business  
man of this city, died yesterday of in-  
juries recently received from falling  
timber. He underwent a surgical op-  
eration which failed of relief.

## THE BARCOA

Another Spanish Vessel Added to the  
American Navy.Washington, March 24.—The navy de-  
partment is gratified to learn that its  
representatives, who have been working  
for some time in the vicinity of Santi-  
ago and Guantanamo, have succeeded  
in adding another vessel to the Ameri-  
can navy in the shape of the gunboat  
Barcoa, which was reported to have  
been towed into Santiago.The Barcoa was one of the Spanish  
gunboats sunk near Guantanamo. She  
is a useful type of vessel for patrol work  
and is about 50 per cent larger than the  
gunboats Sandoval and Alvarado, now  
at the Washington navyyard. The  
Barcoa is of steel, 114 feet 9 inches  
long, 16 feet 5 inches beam and 8 feet 2  
inches draft. Her displacement is 135  
tons and, with 290 horsepower, she is  
able to make 10 knots. She carries one  
Hontoria gun of 3.5-inch caliber, one of  
2.1-inch caliber and two machine guns.  
Probably she will be ordered north as  
soon as she can be made ready for the  
voyage to be thoroughly overhauled at  
one of the navyyards.

## Military Telegraph Lines.

Washington, March 24.—General  
Greely has received cable dispatches  
from Cuba announcing that the military  
telegraph lines have been completed be-  
tween Sancti Spiritus and Ciego d'Avila  
in the center of the island and between  
Holguin and Victoria de Las Tunas in  
the department of Santiago.

## MUNKACZY

Famous Hungarian Painter Dying In  
an Insane Hospital.Berlin, March 24.—Michael Munkaczy,  
the famous Hungarian painter, who has  
been secluded in a hospital for the in-  
sane at Bonn for over two years, is dying.Michael Munkaczy was born near Munk-  
acs, Hungary, Oct. 10, 1854. He had been  
virtually dead to the world since the paraly-  
tic shock, which in the latter part of  
1893, compelled him to abandon all hope  
of ever working at his easel again. At  
that time he was at Godesburg. For  
months he sat brooding and melancholy,  
until in an excess of madness he suddenly  
attacked and nearly strangled his attend-  
ant and his physician. He was immedi-  
ately removed to an insane asylum from  
which, on it becoming obvious that his  
mental condition was hopeless, he was re-  
moved to the retreat where he is passing  
away, in the prime of years.In 1870 the young Hungarian arrived in  
Paris, not knowing a word of French,  
with a picture that he carried to the sal-  
on with his own hands. It was the suc-  
cess of the year—"The Last Day of a Con-  
demned Prisoner," and immediately es-  
tablished his reputation. This was fol-  
lowed by "The Night Frowlers," "The  
Studio," "The Two Families," "Milton  
Dictating Paradise Lost to His Daughter,"  
"Christ Before Pilate," "Christ on Calvary"  
and "The Last Moment of Mozart."One of his great paintings, "Christ  
Before Pilate," was purchased by John  
Wanamaker of Philadelphia, after it  
had been on exhibition in this country  
for some weeks.

## MUCH DISTRESS

Prevailing In Eastern Part of Euro-  
pean Russia.St. Petersburg, March 24.—The news-  
papers of the city publish pitiable ac-  
counts of the condition of the so-called  
famine districts of Russia, especially  
Samara, in the eastern part of European  
Russia. The efforts of the Red Cross  
society have staved off the horrors of  
actual starvation, but the society's funds  
are almost exhausted, and the dire dis-  
tress compelling the consumption of all  
kinds of garbage has produced an epi-  
demic of terrible mortality with typhus,  
scurvy and other pestilential diseases.  
The peasants are compelled to sell ev-  
erything and are living in cold, damp  
and filthy cabins. Weakened by hun-  
ger, they fall ready victims to typhus  
and acute scurvy. Unless the govern-  
ment gives prompt aid the Volga pro-  
vinces appear doomed to a repetition of  
the horrors of 1831 and 1892.

## ARKANSAS RACE WAR

Negroes Being Lynched In  
Little River County by  
Wholesale.

## THE MOBS BLACK VICTIMS

Hanging to Trees In Various Parts  
of the County—No Less Than Seven  
Lives Taken In 48 Hours—White  
Population In a Frenzy Over an Al-  
leged Conspiracy to Murder.Texarkana, Ark., March 24.—A race  
war is on in Little River county and an  
indefinite number of negroes have met  
their death at the hands of an infuriated  
white population. Seven are known to  
have been lynched, shot to death or  
slain in some manner in 48 hours, and  
the work is not yet done. The bodies of  
the victims of the mob's vengeance are  
hanging to the limbs of trees in various  
parts of the county, strung up wherever  
overtaken, while that of another, who  
was shot to death while trying to escape,  
was thrown into a creek and left there.  
The country is in a state of most intense  
excitement. White men are collecting  
in mobs, heavily armed and determined;  
negroes are fleeing for their lives and  
the community is in an uproar. The  
exact number of negroes who have been  
summarily dealt with or those who may  
yet fall into the hands of the mob before  
order is restored may never be known.  
Seven bodies have been found and other  
victims are being hunted and will meet  
a similar fate when run to earth. The  
known dead to date are:  
GENERAL DUCKETT.  
EDWIN GOODWILL.  
ADAM KING.  
JOSEPH JONES.  
BENJAMIN JONES.  
MOSES JONES.  
UNKNOWN MAN.  
Joe King and John Johnson were also  
taken in hand by mobs and whipped.  
They were afterward turned loose and  
have disappeared.Little River county is in the extreme  
southwest corner of the state, bordered  
on the west by the Indian Territory and  
on the south by Texas. The negro popu-  
lation is large and has for a long time  
proved very troublesome to the whites.  
Frequent murders have occurred and  
thefts and fights have become common  
affairs. One or two negroes have pre-  
viously been severely dealt with when  
the people found it necessary to take  
the law into their own hands, but it was  
not until Tuesday that the trouble took  
on a very serious aspect. It then devel-  
oped that carefully laid plans had been  
made by a number of negroes to pre-  
cipitate a race war, and that many white  
men had been marked for victims.It is learned that 23 negroes were im-  
plicated in this plot and the whites are  
now bent on meeting out summary pun-  
ishment to the entire coterie of con-  
spirators. Seven have been killed and  
the work of wiping out the entire list  
continues without relaxation of deter-  
mination.Advices from New Boston, Tex., are  
to the effect that across the river several  
negroes have been lynched. Yesterday  
Benjamin Jones was found dead on  
Harrison road and from New Boston  
it is learned that Joe King and Moses  
Jones were found hanging to trees at  
Horse Shoe curve. Another Jones is  
missing. In the gang that was plotting  
for a race war were 23 negroes and it is  
likely that the entire number have been  
strung up in the thickets. Yesterday  
three wagons full arrived at Texarkana,  
having crossed the Red River at index at  
midnight. They were greatly frighten-  
ed. The citizens of Little River County  
have suffered much recently from  
lawlessness. Some months ago the two  
races clashed at Allene at a sawmill and  
a small riot followed. From accounts  
it seems that with Duckett seven of the  
ringleaders have been killed.

## FEAR LYNCHING.

Threats Being Made to Mob Mrs. In-  
gersoll and Collins.Painesville, O., March 24.—The hear-  
ing of Ann Ingersoll and John Collins,  
the alleged kidnappers of Gerald Lapine,  
will be held here, which will be today  
or tomorrow. The two prisoners are  
yet in jail here. Mrs. Ingersoll is very  
restless, and it is evident that she fears  
violence at the hands of the people, who  
are greatly incensed at the cruel treat-  
ment given the child while it was in her  
possession. It is now said that the baby  
was not more than half fed or clothed,  
and that it was often left for hours at a  
time tied to a chair while Mrs. Ingersoll  
and Collins were away. Frequent  
threats of lynching have been heard,  
but this is believed to be nothing but  
talk and there is little danger of mob  
violence being visited upon the prisoners.

## Soldier Crushed to Death.

San Francisco, March 24.—Private  
Herman McCall of Company I, Ninth  
United States infantry, was crushed to  
death last evening between the iron  
side of the transport City of Puebla and  
the piles of the Broadway wharf while  
climbing down the side for his own di-  
version. He was to have sailed today  
for Manila.

## Municipal Ownership.

Lansing, Mich., March 24.—The Mc-  
Leod bill, permitting municipal own-  
ership of street railways for Detroit,  
passed the senate late yesterday and  
will become a law when signed by the  
governor, as the house had already  
passed it.

## DIED AT 103

Aunt Katy Snodgrass, Oldest Woman  
In the W. R. C.Milford Center, O., March 24.—Aunt  
Katy Snodgrass died yesterday of the  
grip, aged 103 years. She was the oldest  
woman in the Woman's Relief Corps in  
the United States. The funeral will be  
held at 10 a. m. on Sunday. The de-  
ceased was a noted character in this part  
of the state.

## Mrs. Ann Hayes Alexander.

Saratoga, March 24.—Mrs. Ann Hayes  
Alexander died yesterday at West Char-  
lottesville, aged 101 years.

## Fire at Evansville.

Evansville, Ind., March 24.—A fire  
broke out in Abraham's tailoring estab-  
lishment yesterday and before dissem-  
bling it had eaten its way into I. Koeh-  
ler's residence and Winan's restaurant.  
Buildings and contents were destroyed,  
together with the household goods of  
Mrs. Adah Taylor, who, with her  
mother narrowly escaped. Loss, \$6,000.

## Mrs. Leland's Will.

Chicago, March 24.—The will of Mrs.  
Isabelle C. Leland, who was killed in  
the Windsor hotel fire in New York last  
week, was admitted to probate yester-  
day. It disposes of personal property  
valued at \$90,000 and real estate worth  
\$160,000. Practically the entire estate  
is left in trust for the surviving mem-  
bers of her family.

## The Chicago at Santiago.

Washington, March 24.—Admiral  
Sampson has notified the navy depart-  
ment of the arrival of the cruiser Chi-  
cago at Santiago. This is the vessel  
which was sent to bring back to the  
United States ex-Secretary Sherman,  
who is now at Santiago on the Paria.

## New Militia Company.

Evansville, March 24.—The muster  
roll of the new militia company here is  
about filled. Julius Bloom will be cap-  
tain of the new company. He was cap-  
tain of Company M, One Hundred and  
Fifty-ninth regiment, which was must-  
ered out of the service last October.

## Montezuma University Burned.

Birmingham, Ala., March 24.—Mon-  
tezuma University, at Bessemer, was  
totally destroyed by fire yesterday. The  
fire originated from a defective fuse and  
40 pupils got out of the building with-  
out injury. The building cost \$30,000.  
There was \$5,000 insurance.

## WILL ACCEPT

\$3,000,000 and Assist In Organizing  
an Army Under American Control.Havana, March 25.—Cuban Generals  
Diaz, Montegudo, Roban, Nodarse,  
Betancourt and Penza, who held a se-  
cret meeting after consulting their com-  
mands with reference to the course to  
be taken in the controversy between  
Gomez and the assembly, reported yes-  
terday that they had decided to accept  
the \$3,000,000 for the soldiers and also  
to help to organize a new Cuban army  
of 10,000 men under the American ad-  
ministration.Meanwhile the Cuban muster rolls  
are not yet in the hands of General  
Brooke. They were last seen by an  
American officer in Guanabacoa, when  
they were in the possession of General  
Rollof, the Cuban inspector general.  
From his hands they probably passed to  
the military assembly, and if the assem-  
bly still possesses them the payment can  
be indefinitely delayed, merely by the  
withholding of the rolls from the Ameri-  
can authorities.

## ALMOST WIPED OUT

Liberty, Tenn., Visited by a Cyclone.

No Fatalities Reported.

Nashville, March 24.—The little town  
of Liberty in Dekalb county, is almost  
wiped off the map. A furious cyclone  
swept over it, wrenching trees from  
their roots and felling houses in all di-  
rections. The Christian church, a hand-  
some brick structure, was blown to  
pieces in the outset and people were  
panic stricken. Damage to property in  
the storm's path is enormous, but no  
fatalities are reported.

## OUR EDITORIAL GUESTS.

The Southern Indiana Press Association Having a Pleasant Meeting.

Seymour is glad to welcome today so many of the newspaper men of Southern Indiana. They began arriving last evening and are yet coming. About forty are now here which makes this the most largely attended meeting at this season of the year since the association was organized here in Seymour nine years ago. It is a jolly, happy crowd, and the meeting is both pleasant and profitable.

This forenoon the visitors paid their respects to the three newspaper offices, inspecting each plant from the front door to the remotest corners of the composing rooms. They also went through the Travis Carter Company's planing mill and the plant of the Seymour Manufacturing Company. At the former place they were shown through by Travis and Ben Carter, and at the latter place Lynn Faulkner chaperoned the crowd showing them in detail the work done at that factory.

After noon they inspected the Blush Milling Company's mill where they were shown every courtesy possible by Tip S. Blush.

The association was called to order this afternoon by president J. W. Cockrum, of the Oakland City Journal, who made a brief address greeting the large number who are in attendance at this meeting. Standing committees were announced by the president.

Resolutions: Jasper Packard, New Albany; T. H. Adams, Vincennes; S. B. Boyd, Washington.

Credentials: E. A. Remy, Seymour; J. P. Cox, Owensville; H. E. Woolheater, Mitchell; I. T. Brown and J. N. Marsh, Columbus.

Nominating committee, to report this evening: G. H. Hazen of Boonville; R. E. Purcell, Vincennes; J. F. Callen, Indianapolis.

Singleton, of Martinsville. The discussion was continued by Hon. S. B. Boyd, Jasper Packard, T. B. Adams, R. E. Purcell, W. H. Motisinger, F. H. Hazen, D. A. Jennings and others and aroused considerable interest.

After the afternoon meeting the members of the association will visit the Pants Factory and the Woolen mill. Hub Clothing Store Robbed.

Last night the lower glass in the rear door of the Hub clothing store was broken out and an entrance made by parties who were needing a new outfit.

They seem to have tried on nearly everything in the store until they found what would fit. After trying on the suits they were piled in a promiscuous heap in front of the cashier's desk. The hat and furnishing cases were also visited and selections made. What change was in the money drawer was taken also, but this was only a small amount.

Just how much clothing and other goods were taken, can not be definitely told as the stock was badly disarranged.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. **"Uncle Josh Spruceby."**

The old-fashioned "husking bee" with its country dance and harvest festivities occupies one act of "Uncle Josh Spruceby," the New England comedy-drama. The scene is laid in "Uncle Josh's" barn on the old Maine farm. The heaps of yellow corn, the stacks of golden pumpkins, the mows stuffed with bursting hay and fodder all proclaim that the harvest is over and the farmer's work is done. The country maidens dressed in their best, with shining eyes and rosy cheeks, look on beside the rural swains togged in their "Sunday best." After the husking comes the supper and dance, which is kept up until the jingling sleigh-bells at the door proclaim the time to depart.

**Robbed the Grave.**

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c. per bottle at W. F. Peter's drug store.

**Captured.**

A man named John Lutz was arrested and placed in jail here last night by Policeman Hopewell and Marshal Thicksten on a warrant from Scott county, charging petit larceny. He was taken to Scottsburg today to await trial.

Could not bear any noise; could not read or study and the least exertion or excitement would cause a rush of blood to my head making me feel dizzy and faint. After doctoring for two years without getting any better I commenced using Dr. Miles' Nerve and in a short time I was able to return to my work a healthy man."

REV. D. A. HOLMAN,

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents, large for 50 cents. All druggists keep it. Ely Brothers, 56 Warren Street, New York.

**CONDITION IN SAMOA**

The Germans Evidently Apprehensive of Serious Results.

**CHIEF JUSTICE CHAMBERS**

Sustained by Admiral Kautz's Investigation—United States Will Not Discredit Its Representative and England Cannot Afford to Discredit Hers—Treaty in Danger.

Washington, March 24.—The German ambassador, Dr. Von Holleben, called at the state department yesterday to further confer with the officials concerning the Samoan situation. The Berlin authorities have communicated very freely on the subject within the last few days, and, as a result of extended dispatches from the foreign office, the ambassador has presented a long note covering the latest phases of the case. It is understood that the German advice confirm the arrival of Admiral Kautz and the convoking by him of a meeting of all the officials on the 11th instant. But they do not show what resulted from the meeting. All their reports are silent thus far on this point, and the German view is evidently one of apprehension lest serious results may grow out of the meeting, in which event the German view is that the responsibilities should be borne by those bringing about the meeting.

Further than this, questions are arising as to the extent of authority of the British and American consuls acting together to do anything without the concurrence of Consul Rose of Germany. The German view evidently holds that the Berlin treaty requires the three consuls to act unanimously and not through a majority. Another question is as to the right of a naval commander to take any political action. The Berlin treaty in their view would limit the rights of naval commanders within very narrow limits, leaving them simply to execute what the three consuls, by unanimous agreement, determine upon. These are the main points engaging attention and in view of the questions involved, news of Admiral Kautz's action following the meeting on the 11th is awaited with much interest and not a little concern.

Mr. Kautz has fully sustained the actions of the chief justice of Samoa, so far as his investigations have gone. Ever since the first news of the emute at Apia last January the department of state, the German and British government have been separately pursuing investigations into the matter, and it was in pursuance of our branch of the inquiry that Admiral Kautz was sent to Apia.

The German government, as is gathered from the Berlin advice, is disposed to stand firmly in support of its representative. It is manifestly impossible for the United States to discredit its representative, the chief justice, or for the British government to repudiate Mr. Masse, in view of the weight of the testimony in their favor, so that a practical deadlock has been reached so far as this matter of changing the representation of the three powers at Apia is concerned.

These conditions lead to the belief that there is some danger of the reputation of the treaty of Berlin, and, in the present temper of the parties, it would not be surprising if this happened without an attempt on their part to replace it, although it is, of course, believed that even in that event some manner of modus vivendi will be provided to prevent another clash between the conflicting interests as happened 10 years ago, resulting in the treaty of Berlin.

**WORK OF CONGRESS.**

**Statement in Figures of What Was Accomplished by Both Houses.**

Washington, March 24.—B. S. Platt, enrolling clerk of the senate, has prepared a statement in figures, the result of the work of the last congress. The statement shows that 1,457 bills and joint resolutions became laws out of a total of 18,493 introduced in both houses. Of the measures introduced 12,608 were presented in the house and 5,887 in the senate. Of those which became laws 942 originated in the house and 515 in the senate. There were only two direct vetoes during the congress, one of these applying to a senate bill and the other to a house measure. There were in addition to these four pocket vetoes—bills which failed to become laws because they were not approved by the senate. The record shows that the senate passed 1,173 of its own bills and that the house acted favorably upon only 517, or fewer than half of them, while of the 1,081 house bills passed by the house, the senate acted favorably upon 946. A larger number of bills were introduced than in any previous congress.
